

CITY OF PARIS
PERSONNEL POLICIES AND
PROCEDURES

July 14, 2020

FOREWORD

The purpose of the City of Paris Personnel Policy is to provide a consistent guide to personnel actions involving City employees. All employees are employment-at-will and these policies **are** not intended to create contractual rights regarding employment or otherwise. It also is not intended to give specific guidelines for every conceivable personnel action. These guidelines are sufficiently broad to provide the latitude of discretion that may be needed in individual situations. However, this degree of discretion shall not be permitted to violate the spirit and intent of the Policy. This Policy should be referred to regularly when making decisions affecting City civilian personnel and Civil Service personnel where the City of Paris Civil Service Rules and the Local Government Code are silent. The City Council may change or amend these policies within statutory and charter limitations to the extent necessary to more effectively and efficiently promote the interest of the City.

SECTION 1 – INTRODUCTION

SECTION 1.01 – Mission Statement

The City of Paris is committed to the efficient delivery of quality services to its citizens. The City fulfills the mission through personal and organizational commitment to the following values:

Accountability – accepting responsibility as stewards of public resources and investing pride in our work;

Initiative – taking positive action to accomplish our mission;

Respect – treating each other with understanding and dignity and respecting our differences;

Development – enhancing our skills and increasing our knowledge to achieve our personal best;

Communication – employees sharing and receiving information as appropriate;

Leadership – inspiring the vision, modeling the way and challenging the process;

Teamwork – approaching decision-making and problem-solving by involving all employees;

Continuous Improvement – striving to be the best is a way of life.

We believe that our commitment is the foundation of all our endeavors to make our community a better place now and for future generations.

SECTION 1.02 – Scope

These policies apply to all City employees and will be followed except where they conflict with contractual obligations, the Charter of the City of Paris, State or Federal Law, or the Rules and Regulations of the City of Paris Civil Service System.

The City Manager, the City Attorney and the Municipal Court Judge are appointed by the City Council and serve at the pleasure of the City Council, subject to any Charter provision or contractual agreements that may exist. Consequently, these employees are not subject to these policies and procedures insofar as the same are in conflict with Charter provisions or contractual agreements or other ethical codes relating to such officers.

All positions other than the City Attorney and Municipal Judge serve at the pleasure of the City Manager.

The Human Resources Director and/or designee are delegated the responsibility for developing, administering, and interpreting these personnel policies and procedures as they apply to all departments and employees, subject to the advice of the City Attorney and review and approval by the City Manager. The Human Resources Director and/or his designee will advise management in all areas of personnel administration, including employee management relations, training and career development and employee health, safety and morale. Department heads and subordinate management personnel are responsible for enforcing the provisions of these policies and for cooperating with the Human Resources office on all related matters pertinent to their organizational units.

Department Heads are responsible for authorizing all personnel actions initiated within their departments. These actions include, but are not limited to: employee selection, pay adjustments, merit raises, promotions, demotions, transfers, and separations. Department Heads have overall responsibility for the administration of discipline within their departments. Such discipline includes, but is not limited to: employee counseling, verbal warnings, written reprimands, suspensions and/or dismissal. This in no way diminishes the authority or responsibility of individual supervisors to maintain order and discipline or to take disciplinary action against employees under their supervision, nor does it limit the City Manager from ultimate oversight of the individual departments.

Department heads may establish rules and policies which apply to their department as long as they are not in conflict with established City rules and policies. For issues covered under Texas Civil Service laws and City policies, the Civil Service laws will take precedence. In such situations, Civil Service employees cannot avail themselves of rights or remedies under these personnel policies and procedures.

SECTION 1.03 – At-Will Employment

Employment with the City is for no fixed or definite term. All employment by the City has been and continues to be at-will, except for those positions that may have a written contract approved by the City Council. That means that both the employee and/or the City have the right to terminate employment at any time, with or without notice, and with or without cause. This Employee Handbook does not constitute a contract of employment. Nothing in this handbook is intended to alter the continuing at-will status of employment with the City. Nothing contained in a City Ordinance or Resolution constitutes a contract of employment, and the City has the right to change the content of City Ordinances or Resolutions related to employment matters at any time, with or without notice, and with or without cause.

SECTION 2 – EQUAL OPPORTUNITY

SECTION 2.01 – Equal Opportunity Employer

In compliance with the state and federal laws including Title VII of the Civil Rights Act of 1964 and the American with Disabilities Act of 1991, the City is an equal opportunity employer. No person shall be discriminated against because of race, color, religion, sex, age, national origin, disability, pregnancy, HIV/AIDS, veteran status or any other characteristic protected by law in job application procedures, hiring, promotions, discharge, disciplinary measures, compensation, benefits, job training, and other terms or conditions of employment. Disqualification on the basis of physical requirements is prohibited unless such disqualification constitutes a bona fide occupational qualification or essential function necessary to proper and efficient administration of a job.

Discrimination, including association or support of any religious organization, against any person based wholly or partly on the person's membership in, affiliation with, or contribution, donation, or other support provided to a religious organization is prohibited. The City is prohibited from withholding or terminating employment to persons based upon association or support of any religious organization.

Procedures may be adapted to provide reasonable accommodation to the known physical (including the effects of a pregnancy or child birth) or mental impairments so that people with disabilities including HIV/AIDS may remain employed and productive for as long as possible. The following options may be considered: possible assignment or reassignment of job duties, leaves of absences, and flexible work schedules. The City's obligation under this policy is limited to providing reasonable accommodations that will not result in undue hardship to the City. All employees, however, are expected to perform the essential functions of their job with or without reasonable accommodation. While the ADA does protect disabled employees from employment discrimination, all employees, those with and without disabilities, have the same performance and conduct standards regarding hiring, promotion, transfer, and dismissal. City employees or applicants, who need reasonable accommodations due to a disability or feel they have been the subject of discrimination, should discuss these circumstances with their Department Head and/or Human Resources.

The City will protect the confidentiality of employee medical records and information. Written consent of the employee must be obtained to share any confidential medical record and information with other staff. Those with access to confidential medical record and information must maintain strict confidentiality and privacy, separating this information from employee's personnel records.

While the City acknowledges co-worker concerns regarding disabilities and encourages any employee with such concerns to contact Human Resources for educational resources, employees do not however have the right to refuse to work with someone who has a disability.

An employee who wants assistance concerning a disability or a life-threatening illness should contact Human Resources.

SECTION 2.02 – Illegal Harassment

All city employees are entitled to a workplace free of unlawful harassment by management, supervisors, co-workers, citizens and vendors. City employees are also prohibited from discriminating against or harassing citizens, vendors, and other third parties. Harassment of any nature, when based on race, color, religion, sex, age, national origin, disability or any other characteristic protected by law will not be tolerated.

SECTION 2.021 – Sexual Harassment

The City of Paris is committed to maintaining a work environment free from sexual harassment for all employees. Business decisions regarding employment, transfers, promotions, discipline or terminations based on an employee's submission or refusal of sexual advances will not be tolerated.

SECTION 2.022 – Definition

Sexual harassment is a form of gender-based discrimination prohibited by Title VII of the Civil Rights Act of 1964. Sexual harassment is, as defined by the Equal Employment Opportunity Commission, "unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature when submission to the conduct enters into employment decisions and/or the conduct unreasonably interferes with an individual's work performance or creates an intimidating, hostile or offensive work environment."

The two most common forms of sexual harassment are "quid pro quo" and "hostile work environment." Quid pro quo harassment forces an employee to choose between the job and the demands being made by the harasser. Hostile work environment harassment occurs when there is a repeated pattern of verbally abusive, threatening, crude, impolite or various other types of unprofessional conduct that impairs an employee's ability to perform a job.

Examples of behavior that may be considered sexual harassment are: e-mails or text messages that contain sexually explicit or vulgar demeaning information based on gender, telling sexual jokes or stories, making sexual innuendos, spreading rumors about a person's sex life, continuous staring at someone, obscene gestures, blocking a person's path, invading a person's body space, brushing up against a person, and massaging a person's neck, or other similar activity.

SECTION 2.023 Racial Harassment and Other Illegal Harassment

In addition to the City's prohibition against sexual harassment, harassment on the basis of any other legally protected characteristic is also strictly prohibited. This means that verbal or physical conduct that singles out, denigrates, or shows hostility or aversion toward someone because of race, color, religion, sex, age, national origin, disability, or any other characteristic protected by law is also prohibited. Prohibited conduct includes, but is not limited to, epithets, slurs and negative stereotyping; threatening, intimidating, or hostile conduct; denigrating jokes and comments; and writings or pictures, that singles out, denigrates, or shows hostility or aversion toward someone on the basis of race, color, religion, sex, age, national origin, disability,

or any other characteristic protected by law. Conduct, comments, or innuendoes that may be perceived by others as offensive are wholly inappropriate and are strictly prohibited. This policy also prohibits sending, showing, sharing, or distributing in any form, inappropriate jokes, pictures, comics, stories, etc., including but not limited to via electronic or digital communication such as cell phone, instant messaging, text, tweets, e-mail, social networking sites and other Internet transmissions.

SECTION 2.024 – Responsibility of Department Heads/Managers/Supervisors

All department heads, managers and supervisors are expected to address and correct unlawful harassment in the workplace. Any employee with supervisory or managerial responsibility who becomes aware of unlawful harassment in the workplace must take corrective steps whether or not a formal complaint has been filed and must report all incidents of unlawful harassment to the Human Resources Officer. Managers who fail to properly address unlawful harassment in the workplace may be disciplined up to and including termination of employment. It is the ongoing responsibility of department heads, managers and supervisors to monitor work areas for unlawful harassment and to timely implement the City's policy against unlawful harassment.

SECTION 2.025 – Responsibility of Employees; Discipline for Violation of this Policy

The City does not tolerate any form of unlawful harassment. Employees are to refrain from engaging in any form of unlawful harassment with co-workers, subordinates, citizens, contractors, vendors or any other third-party that they come into contact with as part of their employment with the City of Paris. Employees who are found to have engaged in unlawful harassment will be disciplined. For a first verified violation of this Policy, the offending employee will be suspended without pay for a minimum of three days. The minimum punishment does not preclude the Department Head and/or City Manager from imposing stronger disciplinary action, up to and including termination of employment for a first offense, if the offense merits stronger disciplinary action. A second verified violation of the City's anti-harassment policy by the same employee will result in termination of employment.

Employees who feel they are being unlawfully harassed should contact the Human Resources Officer immediately or as soon as possible. An employee shall report a claim of unlawful harassment to the City's Human Resources Officer as soon as possible, but in no event later than 180 days following the date of incident. Complaints of unlawful harassment received by a supervisor at any level should be forwarded to the Human Resources Officer or designee as soon as possible but in no event later than three (3) business days of the complaint being filed. It is not required that the employee follow the chain of command in issues related to illegal harassment. City management will investigate all claims of harassment with a goal of completing the investigation in thirty (30) days or less. Provided, however, should the investigation take longer than thirty (30) days to complete, the City Manager shall notify the City Council of the reasons for needing additional time to complete said investigation.

SECTION 2.03 – Complaint Process

The City requires that employees report all incidents of discrimination, harassment and retaliation, regardless of the offender's identity or position. While not all incidents of harassment violate the law, the City's policy is to discourage and correct harassment and other inappropriate conduct long before it gets to that point. Any employee who observes or otherwise learns of possible harassment in the workplace or who feels that he or she has been subjected to conduct prohibited by this policy must report it immediately to their Department Director, the Human Resources Officer and/or the City Manager.

Employees who desire to file a written complaint should complete a Grievance/Complaint form and submit same to the Human Resources Officer or designee (See Attachment 5 of the Personnel Policy book).

Investigation. All reports of conduct in violation of the City's anti-harassment policy will be investigated promptly by the Human Resources Officer. The investigation may include individual interviews with the parties involved and, where necessary, with individuals who may have other relevant knowledge. All employees are required to cooperate with the investigation. The investigation of the alleged harassment will be treated as confidential to the extent permitted by law.

Retaliation Prohibited. Retaliation against employees because they made a good faith charge or report of prohibited conduct or because they assisted in a complaint investigation is prohibited.

Responsive Action. The City takes violations of its harassment policy very seriously. Misconduct will be dealt with appropriately. Discipline, up to and including termination of employment will be imposed upon any employee who is found to have violated this policy. Likewise, disciplinary action will be imposed in situations where claims of prohibited conduct were fabricated or exaggerated or where an employee does not cooperate in an investigation.

SECTION 3 – HIRING PROCEDURES – NON-CIVIL SERVICE

SECTION 3.01 – Vacancy Identification

Department heads will notify the Human Resources Director or his designee when vacancies occur and provide a current job description.

SECTION 3.02 – Announcement of Vacancies

The Director of Human Resources or his designee will publicly announce vacancies to be filled in City service positions, except those filled by administrative transfer, temporary promotion or jobs that are filled by a temporary appointment. Certain promotional level positions may be posted internally. Positions may also be posted internally to the City or to a department to prevent layoffs or when there are specific tasks that need to be assigned to an existing position. Jobs will be posted for a minimum of one (1) week. Applications will be accepted for a minimum of one (1) week after the announcement is posted or until position is filled. A copy of each job announcement will be maintained for public inspection.

Like positions that become vacant within 45 days of a posted vacancy may be filled using the same job announcement.

SECTION 3.03 – Applications

When a vacant position is posted, applications for initial employment must be submitted to the Human Resources Office. Employees who desire to transfer will submit their request to the Human Resources Director. In order to ensure that applications or transfer requests are considered they must be received by the closing date on the job posting. No applicant for employment will be considered who is less than eighteen (18) years of age except for certain types of temporary employment upon specific permission from the City Manager. All information submitted in connection with applying for a City position is subject to verification. Applications of unsuccessful applicants will be kept on file for a period of two (2) years.

The Human Resources Director or designee will determine the most appropriate means of evaluating applications in order to identify the most competitive applicants to be interviewed.

SECTION 3.04 – Interview/Selection

The Human Resources Director or his designee and the Department Head or his designee having the vacancy will determine the most appropriate means of evaluating applicants in order to identify the most qualified applicant. It is City policy to select the most qualified person available for a position based upon the knowledge, skills and abilities required to perform the essential functions of the position. An applicant's knowledge, skills and abilities related to the position for which he/she has applied will be judged according to factors such as, but not limited to education, previous experience, personal interview, performance evaluations, references and test results. Other factors may be considered as they relate to the applicants' ability to perform the essential job functions.

An interview Committee, which includes at a minimum, the supervisor of the vacancy and Human Resources Director or designee, will usually interview the top applicants and make a selection subject to approval of the City Manager.

SECTION 3.05 – Promotion Policy

A promotion is the assignment of an employee from a position in one class to a position in another class having a higher maximum salary. It is City policy to provide promotional opportunities whenever possible. A selection process may be limited to City employees or such employees may be given preference in application and/or consideration.

SECTION 3.06 – Temporary Promotions

The City Manager upon recommendation by the Human Resources Officer may authorize a temporary promotion to ensure proper performance of City functions if a position is vacant or its regular incumbent is absent for an extended period of time. Temporary promotions will not be used to circumvent normal selection procedures. Temporary promotions or transfers will not be construed as a promise of transfer or promotion of the employee when the job is filled through the regular procedures. Employees involved will not acquire any status, rights or pay in the classifications to which temporarily promoted or assigned unless it is administratively determined to be appropriate or necessary.

SECTION 3.07 – Transfers

A transfer is the assignment of an employee from one position to another of equal or lower maximum salary. A transfer within a department may be affected at any time by a department head for administrative convenience or upon request of an employee. A transfer to a different department may be made by the agreement of the department heads with approval of the City Manager and with the affected employee being given at least one-week notice of the department change.

SECTION 3.08 – Non-disciplinary Demotions

A demotion is the assignment of an employee from a position in one class to a position in another class having a lower maximum salary. With the approval of the City Manager and if qualified to perform the duties of the lower position, an employee may be administratively demoted at his or her own request as an alternative to layoff or when it is to the benefit of the City. Such demotions will not be considered disciplinary actions or disqualify the employees involved from consideration for future advancement. Demotions effected as alternatives to layoffs may be fully or partially rescinded at any time.

SECTION 3.09 – Disqualification of Applicants

An applicant may be disqualified from consideration if he or she:

- A. Does not meet the minimum qualifications necessary for performance of the duties of the position involved;
- B. Has made a false statement or misleading statement on the application form or supplements thereto;
- C. Has committed or attempted to commit a fraudulent act at any stage of the selection process;
- D. Is an alien not legally permitted to work;
- E. Extensive criminal background.
- F. Poor driving record if driving a personal or City vehicle or equipment is a requirement of the job.

An applicant may be disqualified from consideration upon other reasonable grounds related to job requirements.

SECTION 4 – APPOINTMENTS

SECTION 4.01 – Type of appointments

Appointments are designated either regular or temporary. Regular appointments will ordinarily be of indefinite duration and may be made full-time or part-time positions. A regular full time employee is one who works an average of forty (40) hours or more per week on a regular and continuing basis and has successfully completed his/her probationary period. A regular part time employee is one who generally works an average of not less than twenty (20) hours per week on a regular and continuing basis and has successfully completed his/her probationary period. Such employees are considered to be actively employed as long as they are drawing compensation for hours worked or paid leave, or are on administrative leave without pay taken under the Family Medical Leave Act. Limited term regular appointments may be made in unusual circumstances.

All regular appointments are subject to the policies governing probation. All City positions are employment-at-will. This means that all employees of the City of Paris are at-will and are free to resign at any time with or without reason. The City likewise, retains the right to terminate an employee's employment at any time with or without notice.

The City has Fair Labor Standards Act exempt and non-exempt employees. Exempt employees are those as defined by the City Manager. Exempt employees do not receive overtime pay or comp time.

Temporary appointments to regular budgeted positions will ordinarily be limited to ninety (90) day terms. Temporary appointments may also be made for positions requiring seasonal or intermittent performance. Such appointments will be a specified duration of time and may be for a variable number of work hours. Jobs that are filled by a temporary appointment do not have to be posted.

SECTION 4.02 – Relatives

Generally, two members of an immediate family will not be appointed to regular full-time positions in the same department. No employee hired may directly or indirectly supervise or be supervised by a member of his/her immediate family. For the purpose of this policy, immediate family includes an employee's spouse, child, parent, brother, sister, father or mother-in-law, or any relative living in the employee's home.

SECTION 4.03 – Residence

There will be no absolute residence requirements for City employment except as provided by law, however, each department head may establish specific requirements for their department/positions. Employees allowed to operate City vehicles between their places of residence and work are required to reside within the city or within reasonable commuting distance as established by the City Manager.

SECTION 4.04 – Criminal Background/Motor Vehicle Record Check

Once a decision has been made regarding interest in hiring an applicant an offer will be made contingent upon satisfactory completion of reference checks, criminal background checks, physical examination and/or drug screen. A person who is considered for appointment or reinstatement will be required to provide authorization for the City to do a criminal background check and credit check if the position requires handling money. The criminal background check will also include a motor vehicle record check if the position for which the person is being selected requires driving City vehicles/equipment or his/her personal vehicle in the course of performing the job.

The City reserves the right, on the anniversary of each employee who drives while on duty, to conduct a motor vehicle record check.

SECTION 4.05 – Medical Examinations

A person selected for initial appointment or reinstatement will be required to undergo a thorough medical examination and drug screen at City expense. Employment will be contingent upon a negative drug screen and successful completion of the medical examination in relation to the essential job functions. The City Manager or designee, acting on information provided by medical personnel will be the final authority in determining medical suitability for employment.

SECTION 4.06 – Civil Service Employment Agreement

Employees who are hired in Civil Service positions and attend a Police or Fire Academy at the expense of the City will be required to reimburse the City for training and pre-employment testing cost if they voluntarily terminate employment within 36 months of their hire date. At the discretion of the City Manager, this reimbursement may be waived.

SECTION 4.07 – Orientation

An orientation program will be provided by the Department Head or designee upon hiring or when an employee enters a new position. The orientation program is designed to:

- A. Explain the form of City Government and where the employee fits into the chain of command;
- B. Show the facilities and specific work area(s);
- C. Explain the specific job duties that the employee will be expected to perform;
- D. Discuss the responsibilities of the new job;
- E. Discuss the City's Personnel Policies and Procedures including the Substance Abuse, Sexual Harassment, and Employee Conduct and Use of Equipment policies and have the employee sign an acknowledgment form.

- F. Explain the relationship of the new employee to other employees;
- G. Introduce the employee to co-workers;
- H. Demonstrate the use of equipment to be used on the job;
- I. Explain policies and procedures including motor vehicle record check.

As part of the orientation program, each employee will be given a copy the City of Paris Personnel Policies and Procedures Handbook and will be encouraged to read it carefully. Questions should be directed to the employee's immediate supervisor, department head or the Human Resources Director or designee.

SECTION 5 – PROBATION – NON-CIVIL SERVICE

SECTION 5.01 – Purpose

The purpose of the probationary period is to provide the opportunity for the employee to become adjusted to the new position, to determine if the employee likes the job and to evaluate the employee's job performance. Department heads and supervisors will use the probationary period to closely observe and evaluate the employee's work and to encourage adjustment to the job and the City service. The immediate supervisor and/or department head will frequently discuss job performance with each probationary employee so that the probationary employee knows if his/her work is satisfactory.

Each employee will be evaluated in accordance with the provisions covering performance evaluation in Section 6 of these policies.

SECTION 5.02 – Probationary Period

SECTION 8.01 – Basics

The Director of Human Resources or his designee will prepare and administer a compensation plan for City employees subject to required City Manager and City Council approvals. An employee being laterally transferred will ordinarily continue to receive the same salary and will retain the same eligibility date for pay increase.
- C. Individual increases within range may be granted as specified in the Compensation Plan upon recommendation of department heads, who will give careful consideration to the ability and performance record of each employee.
- D. No employee will be paid more than the rate established in the approved Compensation Plan, except when an employee whose job was downgraded by reclassification or changes in the labor market, through no fault of the employee. The employee may continue to receive his/her former rate of pay until a rate on the new salary range equals or surpasses the current salary of the employee or the employee's job changes.

In these cases, each individual department head prescribes work hours for the department consistent with the objectives of public service and the mission of the department's office or activity. The department head, with the approval of the City Manager, prescribes shifts for those activities that require continual staffing.

Relief periods other than meal time may be granted as work permits. If granted, relief periods are limited to fifteen (15) minutes, once in the first half of the work shift and once in the second half. Relief periods are a privilege that will be suspended if they are abused.

The employee's Department Head must approve overtime work including conducting City business on electronic devices outside of regular scheduled work hours. Any time worked by the employee outside of normal working hours must be reported immediately by the employee to the supervisor. Overtime work will normally be authorized only to maintain essential City functions or to accomplish non-routine activities and will be allocated as evenly as possible among all employees qualified to do the work. Employee requests to be excused from overtime work may be approved when possible. Department heads have the discretion to flex employees work schedules in order to prevent accrual of overtime.

At the discretion of the Department Head, employees may elect to receive compensatory leave off or choose to be paid for overtime worked. Department Heads may flex employees work schedules in order to prevent compensatory leave accrual. FLSA exempt employees may not accrue compensatory leave. Employees may not accrue more than 80 hours of compensatory leave. Any exceptions must be approved by the City Manager. Compensatory leave will be taken as provided in Section 14.02. The employee must be called back by someone with the authority to do so. Employees will receive call back pay only once in a calendar day. Employees who have been called back will be paid up to the first three hours of work at time and one-half regardless of the hours worked in the pay cycle or work week. The first three hours of call back time will not apply toward the number

of hours needed to work the standard work week or pay cycle. An employee called back will be paid for at least one hour of work. Work time begins when the employee reaches the job site or City facility.

After the employee has worked more than three hours of call back, the employee's rate of pay will revert back to either straight time or time and one-half based on the number of hours that the employee has worked in the pay cycle or work week.

It should be noted that there is no legal requirement under the Fair Labor Standards Act to provide Emergency Call Back Pay.

SECTION 8.07 – Pay/Payment Procedure

The City pays its employees bi-weekly. Employees are required to initial payroll time sheet to indicate that payroll hours are correct. Layoffs will be implemented on the basis of demonstrated job performance and efficiency based on the opinion of the Department Head, with the most proficient employees being retained the longest. Seniority within City service may be used to determine the order of layoff among employees with substantially equivalent records of job performance and efficiency with the most senior employees being retained the longest. Temporary and probationary employees will be laid off before regular employees performing similar duties. Layoffs will not be considered disciplinary actions.

Layoff of Civil Service employees will be governed by Civil Service Rule.

All qualified employees who have not taken sick leave, funeral leave, workers compensation leave, leave without pay, injury leave or vacation pay in lieu of sick leave during the work quarter will receive an Attendance holiday. Any Family Medical Leave taken during the quarter will disqualify an employee from earning an Attendance holiday. A disciplinary suspension during the work quarter does not disqualify an employee from earning the attendance holiday
- B. Attendance holidays will be taken after prior approval has been received from the supervisor.
- C. Only full time employees are eligible for Attendance holidays.

SECTION 14.05 – Sick Leave

Regular employees are eligible for sick leave with pay after their first full month of service if illness occurs. Part-time employees receive pro-rated benefits. Temporary employees do not receive sick leave benefits.

- F. Frequent claiming of the benefits under this section may indicate an inability to successfully perform the position's essential job functions regardless of the amount of leave accumulated. Abuse/overuse of sick leave may constitute grounds for termination from employment or disciplinary action by the director.
- G. Pay shall discontinue when authorized leave is exhausted.
- H. If an employee becomes ill or injured during vacation, he/she may request that the vacation be terminated and the time of illness or injury be charged to sick leave.

SECTION 14.062 – Definitions

Serious health condition is defined as an illness, injury, impairment, or physical or mental condition that involves inpatient care or continuing treatment by a health care provider. The “continuing treatment” test for a serious health condition under the regulations may be met through (1) a period of incapacity of more than three consecutive, full calendar days plus treatment by a health care provider twice, or once with a continuing regimen of treatment (the employee’s first treatment visit or only visit, if coupled with a regimen of continuing treatment must take place within seven days of the first day of incapacity), (2) any period of incapacity related to pregnancy or for prenatal care, (3) any period of incapacity or treatment for a chronic serious health condition, (4) a period of incapacity for permanent or long-term conditions for which treatment may not be effective, or (5) any period of incapacity to receive multiple treatments (including recovery from those treatments) for restorative surgery, or for a condition which would likely result in an incapacity of more than three consecutive, full calendar days absent medical treatment.

Parent is the biological parent of an employee or an individual who stood in loco parentis to an employee when the employee was a child.

Son or daughter is a biological, adopted, or foster child, stepchild, legal ward, or a child the employee is standing in loco parentis, who is under 18 years of age; or 18 years of age or older and incapable of self-care because of a mental or physical disability.

SECTION 14.063 – Leave Requirements

Although the law requires that the employee be granted 12 weeks of unpaid leave for a family medical leave condition, the employer may require that paid leave otherwise provided under the employer's existing policies be used as a substitution for unpaid leave. This means that any paid sick leave or vacation leave taken due to a serious health condition will run concurrently with and will be counted toward the 12 weeks of family and medical leave. Employees cannot utilize sick leave when they are off the job due to a work related injury except for Civil Service Employees as specified in the Civil Service Law. Time away from the job due to a work related injury will be counted as family and medical leave if the injury is considered a serious health condition. Sick leave may not be taken while on family medical leave if it is due to a work related injury. Employees will be allowed to use vacation or holiday leave while off the job due to a work related injury. The City has opted to require that employees utilize accrued sick leave as appropriate and vacation leave simultaneously with unpaid leave when it is taken for a family medical condition. Employees who do not have enough paid leave to cover the duration of their family medical leave will be granted leave without pay. During the time that the employee is on family and medical leave, the City will continue to make the regular contribution toward the employee's insurance premium although paid leave may be exhausted. Compensatory leave will not be counted toward family medical leave.

SECTION 14.064 – Intermittent Leave

Leave taken for a serious health condition need not be taken in a continuous block of time; it may be taken on an intermittent basis or via a reduced leave schedule.

SECTION 14.065 – Employee Responsibility

Employees requesting family and medical leave should complete form FMLA-1 and provide completed form FMLA-2 from their health care provider to certify that the employee, employee's spouse, child or parent has a serious health condition.

SECTION 14.066 – Department Head/Manager/Supervisor's Responsibility

When an employee requests or when the supervisor receives knowledge that the employee is on leave due to illness of the employee, spouse, child or parent, the supervisor should determine if the illness is considered a family and medical leave condition. Supervisors must designate any paid or unpaid leave that is taken for a family medical condition as family medical leave. The supervisor and or Department head requests that the employee complete form FMLA-1 and provides to the employee a form FMLA-2 for the physician to complete. The supervisor and or the Department Head complete form FMLA-3 and gives to the employee to notify the employee

of a family and medical leave condition. Notification must occur immediately but no later than 48 hours after the supervisor has received notice of a family and medical leave condition and before the employee returns to work. The beginning leave date will be the first day of leave that the employee took related to the condition. The supervisor may not designate family medical leave after the employee returns to work from the family medical condition unless it is a chronic medical condition that has previously been designated as a family medical condition or the process of securing information to determine if the illness is a family medical leave condition was initiated before the employee returned to work.

SECTION 14.07 – Military Leave

Any employee who is called to active duty as a member of the National Guard or a military reserve unit of the United States is entitled to leave of absence rights, reinstatement rights in accordance with applicable state and federal laws.

SECTION 14.08 – Administrative Leave With Pay

An employee ordered not to report or who cannot report to work because of inclement weather or disaster or other administrative reason may be granted administrative leave with pay by the City Manager. The City Manager may also grant administrative leave with pay for up to five (5) days to work in a disaster area.

Employees will be granted sufficient administrative leave with pay when necessary (work hours begin before and extend beyond the hours of the poll); in order to vote in an official election, or to take job related license examinations. Employees called for jury and/or witness service will be granted administrative leave with pay during such service and will retain any fees paid by the courts. Employees excused or released from jury and/or witness service will report to their workstation in accordance with departmental instructions if half or more of the day remains.

SECTION 14.09 – Authorized Leave Without Pay

Employees may be authorized by the Department Head to take leave without pay for up to three (3) months during a 12 month period; however in unusual circumstances, the City Manager has the option of approving up to an additional three (3) months of leave without pay. Leave without pay may be taken under such terms and conditions as may be mutually agreeable between the employee, his/her department head and the City Manager. After exhausting all authorized leave without pay, if the employee is not able to perform the essential job functions, the employee will be terminated.

A request for such leave must be made to the employee's Department Head prior to taking leave. An extension of the three (3) months of leave without pay must be requested by the Department Head in writing and approved by the City Manager prior to the employee taking additional leave. Length of service, employee's previous utilization of leave, quality of performance, the urgency of need and the City's interest will be considered prior to approving the request. If an employee is eligible for Family and Medical Leave and has exhausted all paid leave benefits, leave without pay must be approved until family medical leave is exhausted.

Fringe benefits accrued at the time of departure will be carried over to the time of return. However, no fringe benefits will be accumulated during the period of absence.

Employees must notify the department head of his/her intention to return to work from authorized leave without pay as soon as possible. Not returning to work within three (3) working days after expiration of a leave of absence is considered a resignation.

SECTION 14.10 – Funeral Leave

Upon the death of a member of an employee's immediate family, the employee may receive up to 24 hours (three 8 hour work days) off the job to attend the funeral, make any necessary arrangements, and travel to and from the funeral if out of town and/or assist in settling the estate. Part-time employees' funeral leave will be prorated in proportion to the amount of time that they work (ex. An employee who works 50% of the time would only be granted 12 hours of funeral leave).

For purposes of this policy immediate family members include: spouse, child, step-child, parent (or someone who served in a parent/child relationship with the employee), step-parent, sister, brother, step-sister, step-brother, grandparent, step-grandparent, parents-in-law, grandchild, step-grandchild, brother-in-law, sister-in-law, niece or nephew, and relatives residing in the employee's home.

Funeral leave is paid time off. An employee may arrange additional time off with the approval of his/her Department Head. Any additional time off will be charged to, and limited by any accrued leave time. Substantiation of an employee's use of funeral leave may be required.

SECTION 14.11 – Injury Leave

Civil Service employees must be granted injury leave with full pay, for up to one (1) year as required by Civil Service Law or until the employee is able to return to duty, whichever comes first. Injury leave applies only to Civil Service Employees.

SECTION 14.12 – Worker's Compensation/Return to Work

Employees who are injured on the job must report the injury to their supervisor immediately but no later than 24 hours of injury. The supervisor must complete the City of Paris Supervisor's First Report of Injury form immediately upon receiving a report of injury from the employee and submit to the Finance Office.

After an injured employee is off the job for five days and is unable to return to full duty, he/she will receive Worker's Compensation benefits only, unless the employee elects to supplement Worker's Compensation with paid leave. Worker's Compensation may be supplemented with all accrued leave with the exception of sick leave. The employee may use paid leave, other than sick leave, for the first five (5) days that he/she is off the job or to supplement Worker's Compensation after the initial waiting period (see Section 14.063). After all vacation, comp, holiday or attendance holiday leave is exhausted; the employee will receive only Worker's

compensation which will not be paid at 100% of the employee's salary. If the employee is on leave without pay due to Worker's Compensation (the employee is not utilizing leave), the employee does not accrue leave benefits. The supervisor may periodically require the employee to provide verification of his/her inability to perform the essential job functions.

The City of Paris is committed to providing a safe place for our employees to work. Our early return to work program provides opportunities for an employee who is injured on the job to return to work at full duty. If the injured worker is not physically capable of returning to full duty, the program provides opportunities to perform his or her regular job with modifications (not to exclude any essential job functions) or, when available, to perform alternate temporary work that meets the injured worker's physical capabilities. Alternate duty is limited to six (6) weeks in duration. The employee may be paid at a different rate of pay which will be pay that is comparable to the duties that the employee is performing. When the manager is considering alternate temporary work, he/she should contact the HR Director or designee for approval. Managers are to ensure that job modifications or alternate duty assignments do not extend beyond six (6) weeks.

SECTION 14.13 – Health Insurance

Health insurance coverage through the City's group health insurance provider is mandatory for all regular full-time City employees except for those employees who provide written proof that they are covered under military health insurance. City employees who are exempt from coverage under the City's group insurance plan are not entitled to receive funds budgeted by the City for employee medical benefits.

The cost of employees' insurance benefits will be established by the City Council. This coverage begins ninety (90) days from the date of employment. The company providing coverage will be made known to employees at the time of employment. If necessary, the City reserves the right to substitute another carrier with similar insurance. their group health plan for limited periods of time under certain circumstances such as voluntary or involuntary job loss, death, divorce and other life events. Qualified individuals will be required to pay the entire premium for coverage up to 102 percent of the cost of the plan. Employees who fill a regular budget position and work at least 1000 hours per year in a regular appointment must be covered by Texas Municipal Retirement System.

SECTION 14.17 – Retiree Health Insurance

This means that the number of cumulative years of service with the City of Paris plus the employee's age must equal 80 before the City will share in the cost of the retiree's insurance premium. Health insurance coverage ends when the retiree becomes age 65 or in certain circumstances, when the retiree becomes eligible for Medicare/Medicaid.

Employees who are hired on or after October 1, 2004 will have access to the City Group Health Insurance Plan upon retirement; however, the employee will be responsible for the full cost of their health insurance premium. 2. Employees are also prohibited from carrying a weapon while on duty or at any time while engaging in City-related business. Prohibited weapons include firearms, clubs, explosive devices, knives with blades exceeding 5½ inches, switchblades, etc.

3. Employees licensed by the State of Texas to carry a concealed weapon may have a permitted weapon only on the City parking lot if it is locked in the employee's vehicle. Such employees must report their identity and license plate numbers of all vehicles containing weapons that employees may park in City parking lots to Human Resources.
4. Employees do not have an expectation of privacy and the City retains the right to search for firearms or other weapons on City property.

C. Mandatory Reporting

1. Employee must immediately notify his/her supervisor, Human Resources and/or the Police Department of any act of violence or of any threat involving a City employee that the employee has witnessed, received, or has been told that another person has witnessed or received.
2. Even without an actual threat, each City employee must also report any behavior that the employee regards as threatening or violent when that behavior is job-related or might be carried out on City property, a City-controlled site or City job site, or when that behavior is in any manner connected to City employment or activity.
3. Each employee is responsible for making this report regardless of the relationship between the individual who initiated the threat or threatening behavior and the person or persons threatened or the target of the threatening behavior.
4. A supervisor who is made aware of such a threat or other conduct must immediately notify his/her Department Director and the Director of Human Resources.

D. Protective Orders

Employees who apply for or obtain a protective or restraining order which lists City locations as being protected areas must immediately provide to Human Resources and the City's Police Department a copy of the petition and declarations used to seek the order, a copy of any temporary protective or restraining order which is granted, and a copy of any protective or restraining order which is made permanent.

City employees must immediately advise their Department Director and Human Resources of any protective or restraining order issued against them.

E. Confidentiality

To the extent possible, while accomplishing the purposes of this policy, the City will respect the privacy of reporting employees and will treat information and reports confidentially. Such information will be released or distributed only to appropriate law enforcement personnel, City management, and others on a need-to-know basis and as may otherwise be required by law.

SECTION 15.14 – Cell Phone Use in the Workplace

The City recognizes that many employees bring cell phones to work. Cell phones may belong to the employee or be provided for the employee's use by the City. The use of cell phones, including those with a camera, at work must not interfere with job duties or performance. Employees must not allow cell phone use to become disruptive or interfere with their own or a co-worker's ability to do their jobs. Employees, who use cell phones to violate City policy, including the City's Sexual and Other Unlawful Harassment Policy, will be subject to disciplinary action.

- A. Texting while operating a motor vehicle is strictly prohibited.**
- B. Employees using City-issued cell phones have no expectation of privacy in cell phone calls, pictures, text messages or website data on these telephones. All employees must, when asked by the City, consent to a request to provide the City access to all cell phone, pictures, text messages and website records.
- C. Eligibility for Wireless Phone Allowance
 - 1. The City will limit the use of cellular phone allowances to those employees who have a demonstrated business need to have them. Other communication devices such as landline phones, network access, e-mail, etc. should be used instead of cellular phones whenever possible. The City may provide wireless phone allowance to an employee if at least one of the following criteria is met:
 - a. The job requires considerable time outside the office and it is important to the City that the employee be immediately accessible to receive and/or make frequent business calls, receive and review e-mails, and/or schedule business calendars.
 - b. The job requires the employee to be immediately accessible to receive and/or make frequent business calls, receive and review e-mails, and/or schedule business calendars, outside of working hours.
- D. All initial allowances must be recommended by the Department Director and approved by the City Manager through the completion of the Wireless Phone Allowance Authorization form.
- E. Once approved by the City Manager, the employee must submit to the Finance Department a completed requisition each month for payment. A copy of the front page of the employee's phone bill must accompany the requisition.
- F. The wireless phone allowance is:

Plan Type	Description	Amount
Tier 1 Low	Basic Cellular Phone--Low Usage	40.00
Tier 2 High	Intermediate Cellular Phone--High Usage	60.00
Tier 3 PDA/Data	Advanced Cellular Phone--PDA/DATA	80.00

- G. The cellular phone and related equipment will be obtained by, paid for, and owned by the employee. The account and service will be registered in the name of the employee and billed to the employee at their home address. The employee is responsible for the entire cost of the service. The City will not reimburse employees receiving allowances for the costs of purchasing or replacing portable communication devices under any circumstances.
- H. The allowance is not an entitlement and the amount can be changed or withdrawn with notice at any time.

PUBLIC INFORMATION ACT

Employees are advised that records related to calls and text messages made and received on City owned cellular telephones or business calls made on personal cell phones are public information. Information related to telephone numbers called, length of call, and time and date of call as well as the text message itself may be obtainable through the Texas Public Information Act except in narrowly defined circumstances.

MONITORING OF CELL PHONE CALLS

Employees should be aware that cellular telephone calls are not secure and can be monitored. It is a crime for a third party to intentionally monitor cell phone conversations without the consent of one of the parties to the conversation.

Inadvertent monitoring of private cellular conversations is possible. Caution should be used whenever confidential or sensitive information must be discussed on a City-provided cell phone.

SECTION 15.15 – Social Media

An employee's use of social media, both on and off duty, must not interfere with or conflict with the employee's duties or job performance, reflect negatively on the City or violate any City policy. The intent of these standards is to regulate the creation and distribution of information concerning the City, its employees and citizens through electronic media, including, but not limited to online forums, instant messaging and internet social media and blogging sites. This policy is designed to protect the City's reputation and ensure that an employee's communications not only reflect positively on the employee as an individual, but also on the City.

The term “social media” encompasses: tweets and twittering, Facebook, LinkedIn, blogs, and other online journals and diaries; bulletin boards and chat rooms, microblogging and all other social networking sites, instant messaging and the posting of video on YouTube and similar media.

Use of City’s Internet

Use of the City’s Internet is a privilege and City employees must be responsible and ethical in its use. The City may monitor an employee’s access, use, and postings to the City’s Internet to: ensure compliance with internal policies; support the performance of internal investigations; assist management of information systems; and for all other lawful purposes. The City expects all employees to follow the Guidelines below when posting information on the City’s Social media sites.

Other City Policies

This policy should be read and interpreted in conjunction with other City policies, including but not limited to, policies prohibiting harassment, discrimination, offensive conduct or inappropriate behavior. Violations of the Social Media Policy may lead to disciplinary action. The City provides an effective system for employee complaints “off-line” through the “General Complaint and Grievance” policy without resorting to social media.

EMPLOYEE GUIDELINES: Use of City’s Social Media on Work Time

- A. Any blogging or posting of information on the Internet or other City social media sites must comply with the City’s guidelines, regardless of where the blogging or posting is done.
- B. Blogging, or posting information of a personal nature on the Internet or other City social media sites is prohibited during work hours. Employees are not permitted to engage in social networking of a personal nature while using any of the City’s electronic social media sites.
- C. Employees must obtain written authorization from the City Manager or the IT Director to update or post on social media sites on behalf of the City and all content must be approved prior to posting. All of the employee’s time spent updating or posting on City social media sites as part of the employee’s job duties is compensable time that must be reported and counted in the calculation of overtime.
- D. No use of social media on work time and on City equipment on City-operated networks is considered private or confidential, even if password protected or otherwise restricted. The City reserves the right to access, intercept, monitor and review all information accessed, posted, sent, stored, printed or received through its communications systems or equipment at any time.
- E. Never disclose any confidential information concerning another employee of the City in a blog or other posting to the Internet. Posting of confidential information may violate

state law and subject the user to criminal penalty. All requests for City documents must be processed through the Public Information Act.

- F. Employees must abide by all federal and state law and policies of the City with regard to information sent through the City's Internet.
- G. Individual supervisors do not have the authority to make exceptions to these guidelines.

EMPLOYEE GUIDELINES: Use of Personal Social Media While not on Work Time

The City recognizes that many City employees utilize social media when not at work. The City requires that employees be aware of guidelines regarding posting of work-related information on personal social media sites, and they are listed below.

- A. If the employee's social networking includes any information related to the City, the employee must make it clear to the readers that the views expressed are the employee's alone and not reflective of the views of the City.
- B. Employees are encouraged to act responsibly on and off duty, and to exercise good judgment when using social media. Recognize that postings on your social media site, even if done off premises and while off duty, could have an adverse effect on the City's legitimate business interests.
- C. Respect coworkers and the City. Do not put anything on your personal social media site that may defame, embarrass, insult, demean or damage the reputation of the City or any of its employees.
- D. Postings on your personal social media site that may constitute violation of the City's Harassment policy is prohibited. Posting any pornographic pictures of any type that could identify you as an employee of the City is prohibited. Be mindful that the City's harassment policy covers both work and non-work time, including postings on social media sites.
- E. Posting pictures of yourself or others on your personal social media site containing images of City uniforms or insignia, City logos, City equipment or City work sites is allowable as long as it does not reflect badly on the city.
- F. Posting information on your personal social media site that could adversely impact the City and/or an employee or a person in the application process of becoming an employee of the City is prohibited.
- G. Reasonable attempts to not permit or remove postings violating this policy, should be taken even when placed by others on your social media site.

SECTION 15.16 – Arrests, Confinements and Indictments

City employees including civil service are subject to disciplinary action and/or job restrictions for violations of law. This policy applies to acts prohibited by law that result in charges being filed, arrest, confinement, indictment, and/or conviction, as well as to acts prohibited by law not resulting in charges filed, arrest, confinement, or indictment.

PROCEDURE

Employee Notice of Felony and Misdemeanor Charges: Employees must immediately notify their supervisor and/or Department Director within seventy-two (72) hours if they are arrested, charged, indicted, convicted, receive deferred adjudication, or plead nolo contendere to any misdemeanor or felony. Employees who do not drive as a part of their job duties with the City are not required to report minor traffic violations. Failure to report these events in a timely manner may result in immediate termination.

Employee Status after Alleged Violation of Law: At the time the employee's department is made aware of an employee's arrest or conduct constituting an offense, the Department Director shall consult with Human Resources to determine available options which may include, but are not limited to:

- allowing the employee to return to regular duty with pay;
- allowing the employee to return to restricted duty with pay;
- placing the employee on paid administrative leave;
- placing the employee on unpaid administrative leave; or
- terminating the employee.

Employee Status after Adjudication: Once the indictment or information is dismissed or fully adjudicated without trial, and if tried, until the trial and appeal (if any) are computed and all related administrative matters are completed, the Department Director will determine, in conjunction with Human Resources Director the status of the employee. An employee on administrative leave may, in the City's sole discretion, be reinstated to the position held before being placed on administrative leave (if available), if the indictment or information is dismissed, the employee is acquitted, or the conviction is reversed on appeal.

Disciplinary Action: Disciplinary action may be pursued concurrently or in place of the above options or imposed at a later date. Multiple violations of law or confinements within a prescribed time period may also result in disciplinary action.

Violations of Law Discovered through Criminal History Check: The City may conduct criminal history checks on existing employees at any time during their employment, for any reason. Conduct constituting an offense, arrest or conviction that is discovered may result in disciplinary action, up to and including termination.

Other Policies: This policy should not be construed to limit disciplinary action that may be taken in accordance with other Personnel Policies and Procedures, department policies, or other city-wide policies.

In addition to the policy above, civil service employees shall be governed by applicable departmental policies and procedures, the City's Civil Service Rules and Regulations and Chapter 143 of the Texas Local Government

SECTION 16 – DISCIPLINARY ACTIONS – NON-CIVIL SERVICE

SECTION 16.01 – Purpose

The rules, regulations, policies and benefits set out in the City of Paris Personnel Policies are designed to help achieve the objectives set out in Section 1.1. Violation of personnel policies unnecessarily limits the City's ability to achieve these objectives and can create liability. Therefore, any violation of the City's Personnel Policies could result in disciplinary action up to and including dismissal.

SECTION 16.02 – Types of Disciplinary Actions

Employees are subject to the following potential disciplinary actions based on the nature of the offense:

- A. Verbal warning to the employee (should be documented but maintained in the department's personnel file);

- C. Adverse Disciplinary Action - Suspension without pay with a copy placed in the employee's Master personnel file;
- D. Adverse Disciplinary Action - Reduction in pay within approved grade or salary range, demotion or termination with a copy of the action placed in the employee's Master personnel file.

Any disciplinary action that adversely affects the employee's current salary is considered an adverse disciplinary action. When appropriate, progressive discipline will be applied.

SECTION 16.03 – Basis for Disciplinary Actions

Disciplinary action, up to and including termination, may be taken against an employee for job related improper behavior including but not limited to the violation of the following rules:

- A. Employees are to refrain from any illegal, unethical, abusive or unsafe acts;

- R. Unbecoming conduct on or off duty that brings distrust or discredit to the City.

SECTION 16.04 – Administration

Department heads in consultation with the Human Resources Office and legal have the responsibility and the authority to take disciplinary actions including demotion, suspension and termination as is appropriate. Employee representatives are not allowed in supervisory/management conferences. Any disciplinary action that results in a reduction in the employee's salary requires approval from the City Manager.

Although the Human Resources Office does not maintain a copy of a verbal warning, each department head maintains a record showing the date and substance of verbal warnings given employees in his/her department.

SECTION 16.05 – Standard Disciplinary Action

Disciplinary actions will be consistent with the nature of the offense or performance deficiency after consideration of relevant factors. The employee's previous work history will be taken into consideration in determining appropriate disciplinary action. Disciplinary actions will generally be progressive; however, there are violations that may be so egregious that an employee may be terminated on the first offense.

SECTION 16.06 – Disciplinary Action Procedures

Supervisors/department heads should ensure that all staff are properly trained and informed of City policies. During the probationary period the supervisor should identify for the employee, what the expectations are for performing the job. Once employees are properly trained and the supervisor identifies that there is a problem with performance or violation of City policies, it should be brought to the attention of the employee immediately. All conferences should be documented. Employee representatives are not allowed in supervisory/management conferences. Employees should be given an opportunity to identify what is causing the problem. If the causes identified by the employee are related to training, or having appropriate equipment or supplies, the supervisor should make every effort to remove the obstacles. Warnings should be given to the employee of consequences of not performing the job properly or for violating City policies and procedures. **(See Coaching/Counseling Form, Attachment 4).**

Once the employee has been given proper opportunity to perform the job or comply with City policies and the employee continues not to meet expectations, appropriate disciplinary action may be taken up to and including dismissal. Following are the steps that should be followed when taking a disciplinary action or dismissal:

- A. Review the City's Personnel Policies and Procedures, Section 16.
- B. Conference with the employee about the performance problem or behavior that is considered a policy violation (you may contact the HR office if you need assistance in preparing for the conference with the employee). Let the employee tell his/her story and ask pertinent questions to ensure that you know the circumstances related to the poor performance or policy violations. Let the employee know that based on the information, you may take further action, but you will notify him/her later.
- C. The supervisor decides what action is appropriate and discusses proposed action with the Department Head, HR and Legal staff before he/she proceeds. Disciplinary action should be consistent with City's previous disciplinary actions.
- D. The supervisor prepares a draft disciplinary action/dismissal memo and submits to HR and Legal for review to ensure compliance with personnel policies and legal procedures.

- E. When the memo is finalized, the supervisor conferences with the employee, lets he/she ask any questions and get any clarifications about the action. The supervisor considers any additional response that the employee makes during that conference. If after considering the information the employee provides, the supervisor decides to continue with the disciplinary action, he signs the memo, makes a copy and gives the original memo to the employee. If the disciplinary action involves a reduction in salary (ex. demotion, suspension without pay or termination), the supervisor gives the employee two (2) workdays to appeal the disciplinary action. An appeal must be filed with the City Manager in writing. A copy of the signed disciplinary memo is sent to the department head and the Human Resources Director. An employee who is being recommended for dismissal should be placed on administrative leave without pay until he/she has had time to respond to the dismissal.

- F. If the employee appeals the City Manager reviews the employee's response and the supervisor's documentation, and sends a memo to the employee with his/her final decision. If the disciplinary action is not being changed it is made effective on the date that the City Manager signs the memo to the employee notifying him of his/her decision unless it is otherwise stated in the memo. If the decision is changed, the City Manager states the changes in his memo and indicates the conditions for the employee's return to work. The City Manager copies the supervisor, Department Head and the Human Resources Director. The City Manager's decision rendered after this appeal is final.

- G. If the employee does not send in a response, and the decision is to dismiss the employee, the dismissal becomes effective at 5 o'clock p.m. on the deadline date for the employee to respond. This effective date should be included in the original memo given to the employee.

SECTION 16.07 – Administrative Leave Without Pay

Employees who are being investigated for allegations of serious policy violations may be placed on administrative leave without pay; however, if the outcome of the investigation determines that the allegations are unfounded the employee will be paid for any lost wages. Serious allegations are those allegations that if they are true are grounds for dismissal.

Employees who have filed an appeal of a dismissal will be placed on administrative leave without pay. If the decision is to return the employee back to his job, the City will pay the employee for any lost wages minus any days of suspension or other type of adverse disciplinary action that is taken.

The department head must provide in writing to the employee notice of being placed on administrative leave without pay. Administrative leave without pay must be approved by the City Manager prior to notifying the employee.

SECTION 16.08 – Temporary Removal from Workplace

If an employee is behaving in a life-threatening or disruptive manner, the supervisor/Department Head may require the employee to leave the workplace. When the supervisor/department head removes the employee from the workplace, he places the employee on administrative leave with pay and instructed when he/she is to return to work. The supervisor/department head immediately notifies the City Manager and the Human Resources Office. The appropriate disciplinary action will be taken upon the employee's return to work.

SECTION 17 – CONTROLLED SUBSTANCE AND ALCOHOL ABUSE

SECTION 17.01 – Scope

By Resolution No. 99-061, adopted on June 14, 1999, the City Council of the City of Paris, Paris, Texas, authorized and directed the City Manager to develop and implement (in accordance with the law) new personnel policies. One of the most important components of a comprehensive personnel policy is a policy addressing controlled substance and alcohol abuse by employees. Accordingly, this policy is approved and implemented by the City Manager in accordance with Council's prior authorization.

This Policy applies to all employees of the City of Paris (the "City"). This Policy also applies to all potential employees, that is, those individuals who have received a tentative offer of employment based on successfully completing and passing the controlled substance and alcohol screens of the City of Paris. All employees will receive a copy of this Policy.

SECTION 17.02 – Purpose

The manufacture, distribution, possession, use, or consumption of controlled substances or alcohol on the job or being under the influence of controlled substances or alcohol on the job may create serious risks for the involved employee, fellow employees, the City, and the general public. This Policy is to assist in the reduction of such risks.

This policy contains provision intended to comply with the requirements of federal and state statutes (as those statutes apply to municipalities) mandating a drug and alcohol-free workplace. In addition, this policy is intended to bring the City into compliance with the requirements of the U. S. Department of Transportation (D.O.T.) in accordance with the Omnibus Transportation Employees Testing Act of 1991 (49 U.S.C. 1421 et seq).

Finally, this policy by its design accommodates the broad range of job positions and employee responsibilities existing in a city government as diverse as the City of Paris. This policy strikes a careful balance to protect the constitutional right of privacy for every employee, while at the same time protecting the employee, his or her coworkers, and the citizens they serve from the effects of drug and alcohol use in the workplace or elsewhere. Those employees who must carry firearms as part of their job responsibility or who must operate emergency motor vehicles (even if exempted from the D.O.T. requirements), or who are involved in positions where sensitive materials, such as controlled substances, are administered to patients, have a special responsibility to themselves, their coworkers, and the general public to be drug free at all times. Even the casual use of controlled substances or alcohol, carried into the workplace, could affect judgment, result in unnecessary and perhaps avoidable confrontations, cause avoidable and potentially serious motor vehicle accidents, or could jeopardize the very health of those entrusted to our care, all with serious and potentially life-threatening implications. As a consequence, and in furtherance of public safety and the protection of the health, safety, and welfare of our employees and the public they serve, this policy will require random testing, in conformance with D.O.T. standards, for all employees covered by D.O.T. regulations, and for all public safety employees (generally, all police, fire, and EMS personnel as defined in this policy). Other

employees and employee candidates will be subject to testing following certain events, or in the circumstances of reasonable suspicion. The effect of off-duty conduct, and the City's right to search for unauthorized substances anywhere on City property, in furtherance of the goals of this policy, other policies, and the laws of this state and this city, are also covered in this policy. Each employee is not only encouraged, but required, to read and become familiar with this policy.

SECTION 17.03 – Background of Policy

The City of Paris acknowledges that its success now, as well as in the future, is dependent upon the well-being of its employees. Accordingly, it is the City of Paris's right, obligation, and intent to maintain a safe working environment for all of its employees to protect City property, equipment, and operations, and to fulfill its obligations to the general public.

SECTION 17.04 – Definitions

- A. **"IN UNFIT CONDITION/IMPAIRED"** – The employee's behavior and/or ability to work are affected by a controlled substance or alcohol, or the combination of them, in any detectable manner.
- B. **"CONTROLLED SUBSTANCE"** – Any drug or controlled substance, the manufacture, distribution, possession, sale, or consumption of which is illegal, or a prescribed or over-the-counter drug which is legally obtained but not being used for its intended purpose, or a prescribed or over-the-counter substance which is legally obtained and used for its intended purpose but the use of which causes the employee to be impaired or in an unfit condition.

For the purpose of this Policy, the definition of controlled substance shall include, but not be limited to, all controlled substances, drugs, inhalants, chemical precursors, simulated controlled substances, volatile chemicals, abusable glues, aerosol paints, and marijuana as those terms are now or shall hereafter be defined in Title 6, Chapters 481-485 of the Texas Health and Safety Code, or any successor Code thereto.

- C. **"REASONABLE SUSPICION"** – The belief that an employee has violated the alcohol or drugs prohibitions, based on specific, contemporaneous, articulable observations concerning the appearance, behavior, speech, or body odors of the employee.
- D. **"MEDICAL REVIEW OFFICER (M.R.O.)"** – A licensed physician with knowledge of substance abuse disorders and training to interpret and evaluate confirmed positive test results, who is responsible for receiving laboratory results generated by the City's Controlled Substance and Alcohol Screening Program. All test results will be reviewed by an authorized M.R.O. The City Manager will designate, in writing, to the Personnel Department those physicians or medical facilities to act as M.R.O. under this Policy.

SECTION 17.05 – Policy Administration

CITY PERSONNEL DEPARTMENT. The City Personnel Department shall coordinate the implementation of this Policy. The Personnel Department shall be responsible for reporting the conviction of an employee for any drug or alcohol related criminal offense occurring in the work place within ten (10) days of learning of such conviction to the agency or agencies with whom the City has such obligation.

DIRECTORS, MANAGERS, AND SUPERVISORS. It is the responsibility of all City directors, managers and supervisors to act in accordance with and to enforce this Policy.

SECTION 17.06 – Employee Responsibilities

All employees or potential employees of the City of Paris are hereby notified that the manufacture, distribution, dispensing, possession, or use of a controlled substance or alcohol is prohibited while an employee is on City property or on City business. This includes reporting for duty after ingesting any type of controlled substance or alcohol as defined by this Policy. Employees violating these prohibitions will be subject to disciplinary action up to and including termination as set out in this Policy. Public safety employees and employees performing safety-sensitive functions will be required to adhere to additional guidelines listed the Appendix, Attachment 4.

It is the responsibility of all City of Paris employees to conduct themselves in a manner consistent with the letter and spirit of this Policy. It is encouraged that if, at any time, an employee believes that another employee has entered City property or reported to work in an unfit condition because of the use or consumption of controlled substances or alcohol, the observing employee report this action to a supervisor or the Personnel Department.

Employees who take medications that may affect the employee's ability to safely and successfully perform the essential job functions must notify the employee's supervisor in advance that the employee will be using the medication. Notification to the supervisor requires written documentation from the physician which states how the prescribed medication will affect the employee's ability to successfully perform the essential functions of the job and if use of the medication while performing these functions will put the employee, fellow workers, or others in immediate danger. Based on the physician's recommendations, the supervisor will then determine if the employee may continue to work while taking the medication or what conditions or restrictions must be placed on the employee while working. This information will be kept in the employee's medical file in the Personnel Department.

- A. PROHIBITIONS** - The use, consumption, possession, purchase, distribution, or sale of a controlled substance or alcohol while on City business or on City property, except for prescribed medications with prior supervisory approval, will subject the employee to disciplinary action up to and including termination. Prohibited activities include:
1. reporting for duty or remaining on duty having used or using alcohol.

2. reporting for duty or remaining on duty having used or using any controlled substance except when the use of such controlled substance is prescribed by a physician who has advised the employee that the substance does not adversely affect the employee's ability to safely and successfully perform the essential functions of the job.
 3. refusing to submit to a controlled substance or alcohol test required by this policy.
- B. NO EXCEPTION** – There shall be no exception to the prohibition of being on City property or acting on City business while using or possessing a controlled substance or alcohol.
- C. OFF-DUTY CONDUCT** – The City of Paris reserves the right to take disciplinary action, up to and including termination, in the event an employee's off-duty involvement with controlled substances or alcohol is damaging to the City's reputation or business or is inconsistent with the employee's job duties or when such off-duty conduct results in impairment of the employee's job performance.
1. Any employee convicted of or pleading guilty to a criminal drug/alcohol statute violation shall notify his or her supervisor in writing no later than five (5) days following such occurrence. For purposes of this Policy, a plea of nolo contendere shall be considered a plea of guilty.
 2. Any employee convicted of or pleading guilty to a criminal drug/alcohol statute violation shall be subject to timely disciplinary action, up to and including termination.
- D. SEARCHES** – The City of Paris reserves the right to conduct unannounced searches for unauthorized substances anywhere on City property, including, but not limited to, lockers, desks, file cabinets and employees' personal vehicles parked on City parking lots. Personal property on City premises shall be subject to such searches. All such searches shall be authorized and conducted under the direction of the City Manager or his designee. Employees who refuse to cooperate during such unannounced searches shall be subject to disciplinary action, up to and including termination. Body searches of employees shall not be conducted by City personnel other than by law enforcement officers in the performance of their official duties.

SECTION 17.07 – General Procedures

HIRING – Offers of employment with the City will be tentatively based on successfully completing and passing the controlled substance and alcohol screens. Any offer of employment will be nullified if the employee is found to be engaging in the use or consumption of controlled substances or the abuse of alcohol, unless such controlled substance is prescribed for the user by a physician, and then only if such controlled substance is being used/consumed for the purpose intended and the employee is able to safely and successfully perform the essential functions of the position.

- A. SCREENING REQUIRED** – After a tentative job offer, the incoming employee is required to consent to and pass controlled substance and alcohol screens to successfully complete the employment process.

In the event that a negative test result on a specimen reflects dilution, was otherwise tampered with, or was not the specimen of the individual being tested, a recollection under direct supervision will be required. The incoming employee is required to consent to direct supervision of the collection. This process also applies to post accident testing, testing on the basis of reasonable suspicion and random drug testing that is required by law for safety sensitive employees and employees who are required to operate a commercial motor vehicle in the course of performing their job duties. If an applicant or employee is found guilty of any form of deception in connection with the taking of a drug test, that person shall be treated as someone who has had a positive drug screen. In such cases the applicant may be disqualified from employment and an employee may be disciplined up to and including termination.

In situations in which the employee who is required to operate a commercial motor vehicle does not provide a sufficient amount of urine to permit a drug test (pre-employment, post-accident, reasonable suspension, or random), procedures will be followed as required by the Procedures for Transportation Workplace Drug and Alcohol Testing Programs. This same procedure will also be used for safety sensitive employees who are unable to provide a sufficient amount of urine to permit a drug test.

- B. PROCEDURES FOR TESTING EMPLOYEES** – This section of the Personnel Handbook describes the City of Paris's controlled substance and alcohol screening procedures. Section 17.9 addresses additional regulations and procedures applicable to public safety employees and to employees performing safety-sensitive functions. All screenings for alcohol, with the exception of testing of a severely injured employee for which special testing procedures may apply, shall be conducted by breath alcohol testing with certified equipment by a certified technician.

- C. TESTING OF EMPLOYEES** – Current employees will be tested for controlled substance and alcohol use under the following circumstances and with the prior approval of the employee's supervisor:

1. In the event of the involvement of an employee in a vehicular or equipment accident on the job or on City property whether actively or passively involved; or in the event an employee sustains an injury on the job or on City property. If an injury is severe enough to warrant emergency care and hospitalization, a departure from regular testing procedures may be required. It will be the supervisor's responsibility to ensure that testing follows City procedure.
2. When the involved employee's behavior or work performance gives reasonable suspicion to believe the involved employee is affected by the use or ingestion of a controlled substance or alcohol.
3. To comply with local, state, or federal government laws, ordinances, or regulations.

4. When occupying public safety positions, or when occupying safety-sensitive positions which require testing in accordance with D.O.T. guidelines on which Section VIII of the City Policy is based.

D. OCCASIONS FOR REQUIRED TESTING

1. During the employment process prior to reporting for duty – Before an incoming employee performs City functions, the employee must submit to controlled substance and alcohol testing. The controlled substance and alcohol screening will occur after a conditional offer of employment is made.
2. Post Accident – Required immediately after an accident as specified in this Section of the HRS Handbook.
3. Reasonable Suspicion – A supervisor must require an employee to take a test if the supervisor has reasonable suspicion to believe the employee has violated alcohol or drug prohibitions. Only one supervisor is required to make the observations necessary to require the drug or alcohol test. A written record of the observations must be kept.
 - a. If controlled substance and alcohol testing is not administered within two (2) hours of the observation, a written record must be kept stating the reasons for the delay. If it is not administered within eight (8) hours, the supervisor must cease attempts to administer the test and a written record stating the reasons for not testing which will be maintained in the Personnel Department.
 - b. As noted in Section 17.9 of this Policy, all supervisors will receive a minimum of one (1) hour of controlled substance and alcohol abuse training.
4. Safety Sensitive Employees – As noted in Section 17.9 of this Policy, special requirements apply to employees occupying safety-sensitive positions.

E. MEDICATION EXCEPTION – Exceptions to the use or consumption of controlled substances while on City business or on City property may be granted if:

1. the controlled substance is prescribed as a medication for the user by a licensed physician.
2. the medication is being used in the manner for which it was intended.
3. the employee's ability to safely and successfully perform the essential functions of the job is unaffected by use of the medication.
4. for medications which may affect the employee's ability to safely and successfully perform the essential functions of the job, the employee must notify the supervisor in advance that the employee will be using the medication. Notification to the supervisor requires written documentation from the physician

which states how the prescribed medication will affect the employee's ability to successfully perform the essential functions of the job and if use of the medication while performing these functions will put the employee, fellow workers, or others in immediate danger. Based on the physician's recommendations, the supervisor will then determine if the employee may continue to work while taking the medication or what conditions or restrictions must be placed on the employee while working. This information will be kept in the employee's medical file in the Personnel Department.

F. FAILING A TEST –

1. For incoming employees, failure to consent to or pass the required controlled substance and alcohol screening will be considered just grounds to void the tentative job offer. Further, individuals failing or refusing to take a controlled substance and alcohol screen after a tentative job offer will not be reconsidered for employment for a period of twelve (12) months.
2. Current employees who fail a controlled substance or alcohol screening required in accordance with this Policy shall be subject to disciplinary action, up to and including termination.

G. REFUSAL TO TEST – An employee who refuses to undergo a controlled substance or alcohol screening in accordance with this Policy shall be treated as if the employee failed the required test.

H. CONFIDENTIALITY OF RESULTS – All controlled substance and alcohol screening results shall be the private and confidential property of the City of Paris and will not be shared with anyone except the employee, City supervisory staff with a demonstrated need to know such information, or as required by a court order, D.O.T. mandates, or to legally protect the City.

 - b. when necessary, release the patient's first specimen to a courier to deliver directly to a nationally certified testing facility.
 - c. retain the second urine specimen (labeled as original specimen) for a minimum of two (2) weeks as a backup in the event of contamination of the first sample in transit or any other need for a second examination of the patient's specimen.

5. for all non-safety sensitive positions, complete an initial controlled substance screening of the specimen. The initial test will be done in accordance with state and federal guidelines. Should this test be positive, a confirmation test, the Gas Chromatography/Mass Spectrometry (GC/MS) test, will be completed by a nationally certified testing facility.
6. ensure that the following substances are included in the controlled substance testing process:

8. when conducting testing for non-safety sensitive positions, contact the appropriate City representative as soon as possible, but in no event later than twelve (12) hours after receipt of the employee's specimen, with initial test results and, if required, within forty-eight (48) hours after receipt of the employee's specimen by the testing facility that will administer the test confirmation.
9. when coordinating testing for safety sensitive positions, contact the appropriate City representative within forty-eight (48) hours after receipt of the employee's specimen with initial test results and, if required, within forty-eight (48) hours after the request for test confirmation.

 - a. whether or not to continue the employment process for an incoming employee;
 - b. the impact of the results of the test for a current employee.
- 7. when necessary, inform the incoming employee:
 - a. of unacceptable test results and, if requested, provide further information regarding positive test results;
 - b. that unacceptable test results dictate that the prospective employee be ineligible for hiring for a period of twelve (12) months from the date of testing.
- 8. ensure confidentiality of test results by:
 - a. restricting information regarding employee test results to the Personnel Department and those with a demonstrated need to know such information, unless legally required to do otherwise;
 - b. maintaining test results in a secure area of the Personnel Department.

D. SUPERVISORY RESPONSIBILITY – The Supervisor will:

- 1. whenever required under this Policy, ensure that all controlled substance and alcohol testing is performed in accordance with the requirements of this Policy.

- 5. not discuss employee testing with other City employees, except on a need-to-know basis. Unless legally required, no other individuals will be advised of test results.

- E. CONSEQUENCES OF TEST RESULTS** – The following guidelines will be used to determine acceptability of test results and procedures to be observed when an employee's controlled substance or alcohol screening results are unacceptable.
1. All unacceptable alcohol screening results are:
 - a. based upon levels established by the D.O.T.
 1. Breath alcohol test measures between 0 and .02 will be considered rated passing.

 - c. the employee may request a blood alcohol test to confirm breath alcohol test results; however, it must be requested at the time of the breath alcohol testing.
 3. All unacceptable controlled substance screening results are:
 - a. based upon established levels of intoxication and reported as a pass/fail.

Administrative Guidelines

Several benefits authorized in the City of Paris Personnel Policies are provided employees as “days,” i.e., vacation days, holidays, sick leave days. Such benefits are provided in relation to the City’s “normal work day.” Due to different job demands and staffing procedures, City departments observe different work/on duty shifts. It is therefore, necessary to adjust “day” benefits to the various work/on duty shifts in a manner that is uniform and equitable.

A benefit day is equivalent of 20% of a normal workweek and .385% of a normal work year (2080 hours). A benefit “day” will be considered the equivalent of 50% of a normal work/on duty shift for employees whose workweek is fifty-six (56) hours. This is the equivalent of 21.4% of the workweek and .412% of a work year (2912 hours).

FMLA forms for Military Family Leave and Military Caregiver Leave may be obtained from the Human Resources Director or the U.S. Department of Labor website.

GUIDELINES FOR HANDLING EMPLOYEES AT WORK
OR ATTEMPTING TO REPORT TO WORK IN VIOLATION OF
THE CONTROLLED SUBSTANCE & ALCOHOL ABUSE POLICY

Supervisory and managerial staff must be alert to detect employee violations of this Policy. The observed reduced ability to perform work in a safe and productive manner, observed aberrant behavior, and any detectable amount of alcohol or controlled substances found in the work place will usually be factors triggering a reasonable cause to believe a violation of this Policy has occurred or is occurring. Consequently, supervisors and managers will be trained to identify alcohol and controlled substances, as well as taught the common physical signs of persons using such substances. The City expects supervisors and managers to act in accordance with these guidelines when they develop a reasonable good faith belief that a violation of the Policy has occurred.

In the event of such reasonable good faith belief, supervisors and management officials should accomplish the following:

- A. Address the employee in a reasonable, quiet, and professional manner. DO NOT USE FORCE. If the employee presents a clear, immediate or substantial risk to the safety and well-being of the employee or to others, then appropriate action must be taken to protect that employee and others.
- B. Take possession of any suspected contraband in plain view. If the employee refuses to turn over the suspected contraband, DO NOT USE FORCE, but inform the employee that continued refusal to do so may be grounds for discharge. Make sure the employee does not dispose of the suspected contraband, if at all possible. Put any suspected contraband in clean containers and mark them for future identification and testing.
- C. Escort the employee from the work place to a private office. Never allow the employee to continue to work.
- D. Notify the Division or Department Director and the Personnel Department of the situation and secure instructions regarding the requiring of a medical examination/controlled substance and alcohol abuse screening, including the specifics of such action if same is to be undertaken.
- E. If at all possible, have another supervisor present to witness the employee's behavior.
- F. Conduct an interview with the involved employee, utilizing the attached Employee Interview Sheet. During this interview, give the employee a chance to explain the situation.
- G. Once the need for reasonable suspicion testing has been established and the decision to require testing has been made, the Personnel Department is to be notified immediately. The employee's immediate supervisor will:

1. Arrange for transportation and accompany the employee to the medical facility for the test.
 2. If the results are negative, the employee may return to work. If the results are positive, arrange transportation for the employee from the medical facility to the employee's home immediately following the test.
 3. Advise the employee that he/she will be contacted as soon as reasonably possible once the test results have been validated. Until the results have been validated, the employee will be placed on paid administrative leave.
- H. The supervisor will be responsible for ensuring that screening procedures listed in the Controlled Substance and Alcohol Abuse Policy are followed.
- I. If the employee refuses to consent to controlled substance and alcohol testing, the employee should be reminded that refusal to test is considered the same as failing the test. If the employee still refuses to consent to testing, the supervisor will immediately arrange transportation for the employee to the employee's residence. The employee will be advised that as soon as a decision is made regarding employment/disciplinary status, the employee will be contacted.
- J. As soon as reasonably possible, and upon receipt of the test results, a Personnel Department Representative, the Director, Manager and immediate supervisor will confer as to the appropriate discipline, if any, return to work requirements, or other appropriate employment status decisions to be implemented. The City Manager may, at the Manager's discretion, participate in these discussions or review the decisions made. The employee will be advised accordingly.

PROCEDURAL REMINDERS REGARDING

CONTROLLED SUBSTANCE /ALCOHOL ABUSE SCREENING FOR POST-ACCIDENT

When an employee is involved in an on-the-job accident involving a vehicle, mobile equipment (tractors, diggers, etc.), or power tools, the employee is required to submit to and pass a controlled substance and alcohol screening process. If more than one employee is involved, both should be tested. Examples of this would include:

1. An accident involving an Equipment Operator and another employee injured by the equipment or directing the operator.
2. Anytime the supervisor deems necessary.

If testing is required the supervisor should drive the employee to the testing facility as soon as possible after the accident. It is MANDATORY that the employee not be allowed to operate City equipment/vehicles until a negative result has been received. The supervisor cannot physically restrain the employee from driving a personal vehicle however the supervisor can strongly suggest that it is not advisable until test results have been received.

If the accident occurs during normal working hours, the testing facility will administer appropriate tests, complete testing procedures, and contact the Personnel Department with the results. A Personnel Department representative will then contact the department/division.

Dr. Kyle Jones' Office should be utilized for testing. If a minor injury is involved, Dr. Jones' office can treat the injury. If Dr. Jones' office is not available, Salas Minor Emergency may be used to treat the injury and do the testing. For major injuries or after-hours injuries, Paris Regional Medical Center should be used to treat the injury. Dr. Kyle Jones' Office after-hours process will be utilized to do the testing.

RESULTS SHOULD BE RELEASED ONLY TO SUPERVISORY/ADMINISTRATIVE
PERSONNEL WITH A NEED TO KNOW.
THIS IS CONFIDENTIAL INFORMATION

STEP	PROCEDURE
1	Employee has an accident (at fault or not) which results in property damages of any kind. An “accident” would include vehicular-type accidents, (cars, trucks, backhoes, four wheelers, tractors, etc.) or power tools.
2	Supervisor notifies Human Resources (Finance Director if Human Resources in unavailable) of a non-injury accident. This notification applies 24 hours a day.(It is imperative that the employee understands that he/she could be terminated for refusal to test.)
3	For injury accident, notify the worker’s comp. coordinator in the Finance Office. (If after-hours, notify Human Resources or Finance Director). Supervisor’s first report of injury must be filed with the workers Comp. coordinator in the finance office.
4	If the accident is an injury accident such as a power tool accident or other equipment and the employee needs immediate treatment, then the employee must be drug tested.
5	Human Resources or Finance will contact Dr. Jones Office or Salas Minor Emergency and let them know that a city employee is coming for a post-accident drug test or treatment or both.
